SFY 2015 Project Priority List (PPL) SFY 2015 Intended Use Plan (IUP) Proposed Amendment II February 26, 2015 Revision of SFY 2015 Project Priority List

The CWSRF SFY 2015 IUP is a strategic plan outlining the program's financial and pollution control goals and activities. It includes, as Appendix A to the PPL, a list of communities that had expressed interest in participating in the program. The PPL was finalized on July 1, 2014 and amended on September 30, 2014. In accordance with program regulations, the SFY 2015 PPL is again being amended to add one wastewater construction project. Additionally, the PPL will reflect the updated Green Project Reserve (GPR) and additional subsidization amounts as required under the FFY 2014 Capitalization Grant.

## I. Priority List Revisions

The attached SFY 2015 CWSRF PPL has been revised to reflect the changes below. Eligibility requirements for CWSRF projects are identified in Sections 603(c) and 212 of the Federal Water Pollution Control Act and OWRB CWSRF program administration rules. Other CWSRF loan projects anticipating funding during SFY 2015 will not be adversely affected by these amendments.

<u>Addition of New Projects</u>- Cherokee Development Authority has submitted a request to be considered for loan funding during SFY 2015.

<u>Other changes</u>- Several entities with projects listed on the SFY 2015 CWSRF PPL have ranking changes due to revised project items or construction estimates and/or target project approval dates. The list has been revised to reflect these adjustments. Total funds required for projects yet to be funded in SFY 2015-2019 are now \$129,196,399.

#### STATE OF OKLAHOMA WATER RESOURCES BOARD www.owrb.ok.gov

### II. Additional Requirements as required under the FFY 2014 Capitalization Grant:

Green Project Reserve

• Both El Reno MA's and Colbert PUA's projects have been identified as including elements to meet GPR requirements under FFY 2014 appropriations. The project descriptions and business cases (if required) are available on OWRB's website at <u>www.owrb.ok.gov/greenreserve</u> at the time of project funding. El Reno MA's project was approved by the board in November 2013, however, it wasn't finalized as including elements consistent with the GPR until it was funded in August 2014.

Additional Subsidy

• Colbert PUA's and Nicoma Park PWA's projects are identified as eligible to receive additional subsidization under the FFY 2014 Appropriations Provisions. The award was on a first come first serve basis per the SFY 2015 Intended Use Plan based upon a project's readiness to proceed and entity's classified as disadvantaged with a population of 3,300 or less. Each project received \$308,221.50 in principal forgiveness.

#### III. Public Notice

This amendment is being made with adequate public notice in accordance with the procedures provided in 40 CFR Part 35 Subpart K Paragraph 35.3150(c) and Chapter 50, Part 3 of the OWRB CWSRF Regulations. The OWRB will issue notice, on February 26, 2015 with a summary of the amendment, entitled *CWSRF SFY 2015 Intended Use Plan/Project Priority List Amendment II*. This amendment may be found on the OWRB website <u>www.owrb.ok.gov/cwsrf</u>.

		TOTALS	\$135,887,399	

\* Projects requiring a Single Audit will be determined at the end of 2015. The information will be included in the FY 2015 Annual Report.

\*\*The GPR Amount may change based on the completion of appropriate planning documents and business cases. The numbers reflected here are OWRB's best guess based on preliminary information. Final numbers will be available on OWRB's website, subsequent amendments, and the CWSRF Annual Report.

\*\*\*Subsidy is provided on Readiness to Proceed for Board Approval. The subsidy amounts may change based on a project movement thru the funding process. Final numbers will be available on OWRB's website, subsequent amendments, and the CWSRF Annual Report.

\*\*\*\*El Reno MA was approved during SFY 2014 but closed in SFY 2015. The green components included in the project totalling \$1,038,000 will be utilized to meet the GPR for SFY 2015.
