**Subject: 2013 Annual Report
Hanson Aggregates LLC – Mill Creek Quarry, Johnston County, OK**

Dear Mr. Wilkins:

This is in reference to the Annual report in compliance with 82 O.S. 1020.2(E).(1) for our Mill Creek Quarry located in Johnston County, OK.

Please note that Mill Creek Quarry applications are currently pending with OWRB and ODOM, and therefore is not a "producing" mine.

Please accept this letter as our Annual Report pursuant to 82 O.S. 1020.2 (E) and 785:30-15 for calendar year 2013 and hereby report the following:

- (1) Mill Creek Quarry is not a producing mine in 2013;
- (2) There is NO Pit Water accumulated or used at the Mill Creek Quarry in 2013;
- (3) Mill Creek Quarry has adopted the Management Plan prior to January 1, 2013 and will implement the plan as soon as it becomes a "producing" mine. It is our understanding from consultation meeting on December 27, 2012 that it will maintain the "exempt mine" status for Mill Creek Quarry for Hanson Aggregates LLC.

Please contact the undersigned at (972) 814-4122 or Hanson Aggregates LLC, 300 E. John Carpenter Freeway, Suite 1645, Irving, TX 75062, for any further assistance.

Sincerely,

Lalit Bhatnagar, P.E.
Environmental Manager
