Oklahoma Water Resources Board

**Subject: 2018 Annual Report  
Hanson Aggregates LLC – Troy Quarry, Johnston County, OK**

Dear Mr. Wilkins:

This is in reference to the Annual report in compliance with 82 O.S. 1020.2(E)(1) for our Troy Quarry (formerly known as “Mill Creek” Quarry) located in Johnston County, OK.

Please note that Troy Quarry applications are currently pending with OWRB and ODOM, and therefore is not a “producing” mine.

Please accept this letter as our Annual Report pursuant to 82 O.S. 1020.2 (E) and 785:30-15 for calendar year 2018 and hereby report the following:

- (1) Troy Quarry is not a producing mine in 2018;
- (2) There is NO Pit Water accumulated or used at the Troy Quarry in 2018;
- (3) Troy Quarry has adopted the Management Plan prior to January 1, 2013 and will implement the plan as soon as it becomes a “producing” mine. It is our understanding from consultation meeting on December 27, 2012 that it will maintain the “exempt mine” status for Troy Quarry for Hanson Aggregates LLC.

Please contact the undersigned at (972) 814-4122 or **Hanson Aggregates LLC, 300 E. John Carpenter Freeway, Suite 1645, Irving, TX 75062**, for any further assistance.

Sincerely,

Lalit Bhatnagar, P.E.  
Region Director – Environment, Safety & Health
