Re: Arbuckle Aggregates, LLC (AA)
Status Quarterly Report –
Correction 1st Quarter 2014

Dear Ms. Cunningham & Mr. Wilkins,

Please let this letter serve as a correction to my letter that I submitted on June 13, 2014. The letter contained a typographical error in that it was a submission **for the 1st Quarter 2014**, not the 2nd Quarter 2014. This is for compliance purposes with 82 O.S. §1020.2(E)(1). Arbuckle Aggregates LLC (AA) submitted a mine permit application to the Oklahoma Department of Mines (ODM) on May 17, 2010, and is still in the administrative process to obtain its permit, no mining permit has been issued. According to §1020.2(C)(2), AA is considered an exempt mine. Once the mining permit is issued, AA will report quarterly and annually to the OWRB on the mining status. This will be done in accordance with the §1020.2(E)(1). If the mine permit is issued between reporting periods, AA will contact the OWRB prior to mining.

For your records, AA did not produce any mine products or accumulate any pit water during the second quarter.

Please feel free to contact me if you need additional information.

Sincerely,

Elizabeth C. Nichols
