Proposed Produced Water Data Portal Framework

Data from Producer/others
- QA/QC, Data Transformation
  - Data to Application Programming Interface (API) Link

Tier 1
- General maps, contour plots, etc

Tier 2
- Regulatory comparison data

Tier 3
- Detailed regional quality/quantity data

Tier 4 – Prime Data Source
- Detailed location, chemistry, and quantity data

More data → More info → CBI

Summary Data Public Access
Regulatory Data Public Access
Detailed Data Official Access
Detailed Data NTK Access - NDA

GROUNDWATER PROTECTION COUNCIL
