

Water Matters

A scenic landscape featuring a wide river with sandy banks, green vegetation in the foreground, and a rocky cliffside in the background under a clear sky.

Richard Hatcher

Director,

Oklahoma Department
of Wildlife Conservation

Water Matters:

Millions of Oklahomans
enjoy a day on the
water.

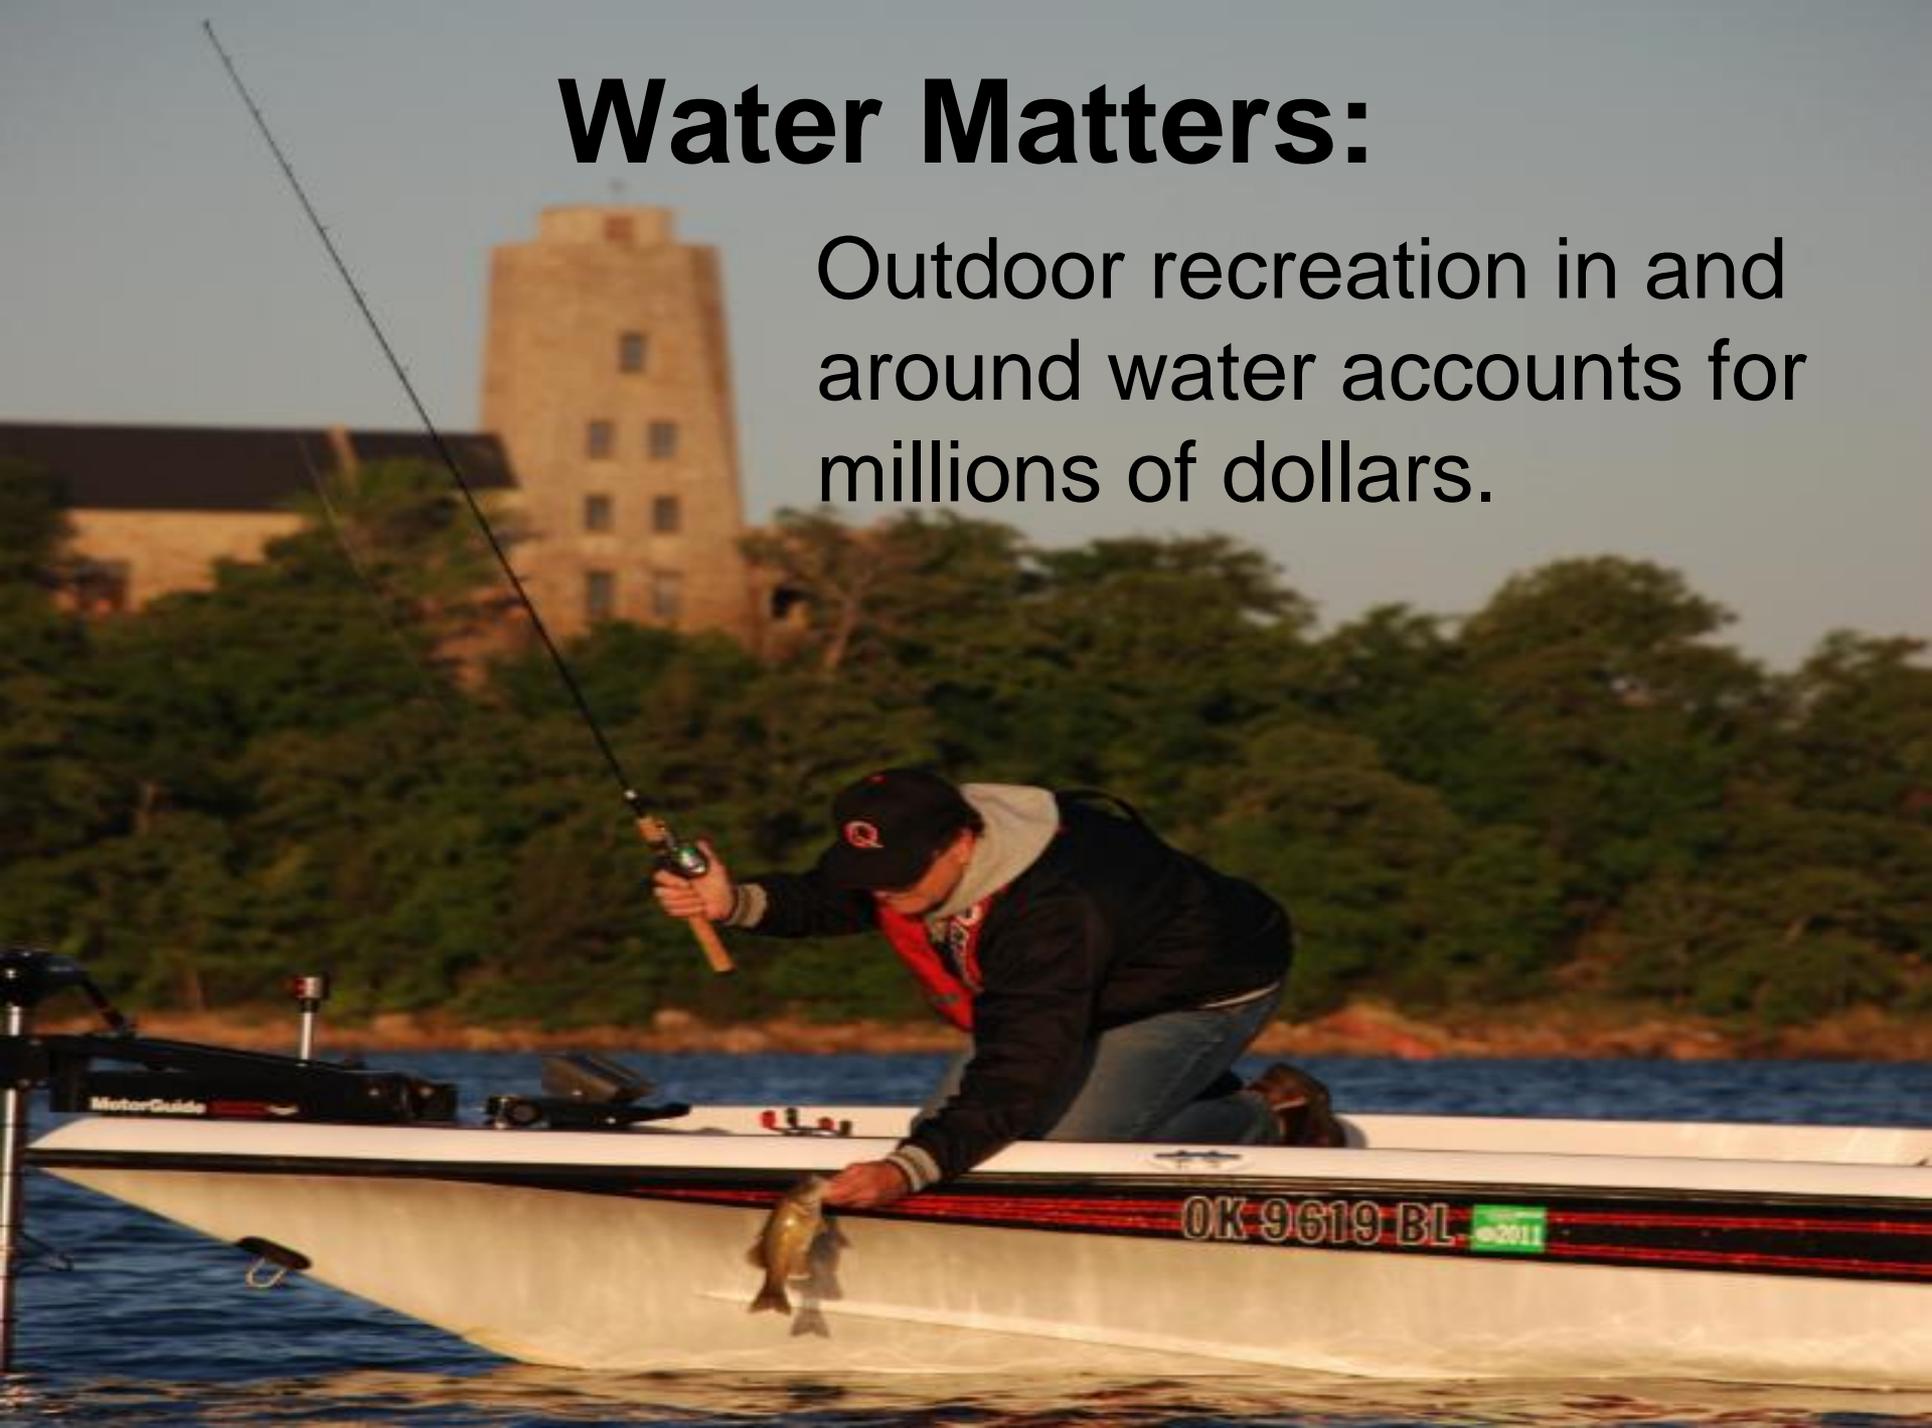

Water Matters:

Our quality of life as Oklahomans is enhanced by our water resources.

Water Matters:

Outdoor recreation in and around water accounts for millions of dollars.

Water Matters:

Conserving our rich and diverse aquatic resources is critical

Water Matters:

When making hard decisions regarding water rights, sale and usage, the recreational and ecological value of that resource must be a key consideration.
