

Oklahoma Water Resources Board

Future OWRB Membership and Representation

- OWRB Board Regions**
- Region Name (Active Year)
- Region 1 (2019)
 - Region 2 (2017)
 - Region 3 (2018)
 - Region 4 (2014)
 - Region 5 (2018)
 - Region 6 (2020)
 - Region 7 (2014)
 - Region 8 (2015)
 - Region 9 (2016)

Beginning July 1, 2014, the membership of the Oklahoma Water Resources Board began transitioning from congressional district and at-large representation to regional representation. This map depicts the nine regions and the year the transition is to take place for each region. Representation must also meet an additional statutory requirement of having at least one member well versed in each of the following major types of water use: recreational, industrial, irrigational, municipal, rural residential, agricultural, soil conservation work and oil and gas production. Not more than two members may be selected representing any one of the major types of water use.
