## Clean Water State Revolving Fund (CWSRF)

FY 2014 Project Priority List (PPL)

FY 2014 Intended Use Plan (IUP)

Proposed Amendment I

July 15, 2013

Revision of FY 2014 Project Priority List

The CWSRF FY 2014 IUP, a strategic plan outlining the program's financial and pollution control goals and activities for SFY 2014, includes as Appendix A to the PPL a list of communities that have expressed interest in participating in the program. In accordance with program regulations, the FY 2014 PPL is being amended to add one (1) wastewater construction project. Additionally, the PPL is being modified to reflect updated Green Project Reserve (GPR) and additional subsidization amounts as required under the FY 2013 Capitalization Grant. The additions and modifications detailed below were finalized following the enactment of the FY 2014 IUP/PPL on July 1, 2013.

The FY 2014 CWSRF PPL has been revised to reflect these changes (attached). Eligibility requirements for CWSRF projects are identified in Section 212 of the Federal Clean Water Act and OWRB CWSRF program administration rules. Other CWSRF loan projects anticipating funding during FY 2014 will not be adversely affected by these amendments.

### I. Priority List Revisions:

Addition of New Projects- Locust Grove Public Works Authority has submitted a request to be considered for loan funding during FY 2014.

Other changes- Several entities with projects listed on the FY 2014 CWSRF PPL have ranking changes due to revised project items or construction estimates and/or target project approval dates. The list has been revised to reflect these adjustments. Total funds required for projects yet to be funded in FY 2014 equals \$151,331,771.

### II. Additional Requirements as required under the FY 2013 Capitalization Grant:

#### *Green Project Reserve*

- Locust Grove PWA's project has been identified as including elements which qualify under the Green Project Reserve. The project description and business

case (if required) will be available on OWRB's website at [www.owrb.ok.gov](http://www.owrb.ok.gov) at the time of project funding.

*Additional Subsidy*

- Additional subsidy is available on a first come first serve basis per the FY 2014 Intended Use Plan and a project's readiness to proceed. The attached PPL shows the changes in subsidy based on the revised project ranking.

**III. Public Notice**

This amendment is being made with adequate public notice in accordance with the procedures provided in 40 CFR Part 35 Subpart K Paragraph 35.3150(c) and Chapter 50, Part 3 of the OWRB CWSRF Regulations. The OWRB will issue a notice, on July 15, 2013 with a summary of the amendment, entitled CWSRF FY 2014 Project Priority List Amendment I to the FY 2014 Project Priority List, on the OWRB website.
