Clean Water State Revolving Fund (CWSRF)
Green Project Reserve Eligibility Determination

Name of System: Bartlesville Municipal Authority
CWSRF Project Number/Loan Number: ORF-21-0002-CW

General Project Description:
The Bartlesville Municipal Authority is implementing indirect water reuse of their current wastewater discharge. In order to do so the disinfected effluent from the wastewater treatment plant will be pumped approximately seven miles upstream and discharged into the Caney River. The water will then be mixed with raw streamwater and collected at the water treatment plant. The proposed project is to construct the new effluent pump station, install the pipeline, and all other appurtenances required to complete the project. The total estimated cost of the project is $8,220,000.
