

Public Input Update

2010 Governor's Water Conference and
Water Research Symposium

Dr. Will Focht

Our Job

- ❑ Develop the public's wishes and convey them to the OWRB
- ❑ To achieve this we developed a process that included both deliberation and analysis
- ❑ Deliberation occurred during the Regional Input Meetings, the Workshops and the Town Hall
- ❑ Analysis occurred before and after the RIMs, and between and after the workshops
- ❑ The Local Input Meetings set the agenda for all that followed

Where We've Been

- ❑ 42 Local Input Meetings
- ❑ 11 Regional Input Meetings
- ❑ 30 Workshops
- ❑ 1 Town Hall

Preliminary Results

- ❑ OWRRI synthesized the Town Hall results, the Workshop results and 3 ½ years of discussion
- ❑ Provided Water Board general interpretations of the discussions
- ❑ Water Board to write draft water plan

Where We Are Going

- 13 Feedback & Implementation Meetings
 - 1 meeting held in each of the Water Planning Regions
 - Review draft plan
 - Comment on plan and implementation ideas

Thank You!!
