BAKER MOUNTAIN, OKLA.

**Regional Director (ARDE) Region II**  
**U.S. Fish and Wildlife Service**  
**P.O. Box 1306**  
**Albuquerque, New Mexico 87103**

**SPECIAL NOTE** This document was prepared primarily by stereoscopic analysis of aerial photographs. Wetlands were identified on the photographs based on vegetation, hydrology, and geography in accordance with **Classification of Wetlands and Deep-Water Habitats of the United States** (FWS/OBS-83-30, 1977). The aerial photographs typically reflect conditions for a specific year and season when they were taken. In addition, there is a margin of error inherent in the use of the aerial photographs to delineate the ground and historical analysis of a single site may result in different wetland boundaries established through photographic interpretation. In addition, some small wetlands and those with dense forest cover may not be included on this document.

Federal, State and local regulatory agencies with jurisdiction over wetlands may define and describe wetlands in a different manner than that used in this inventory. There is no attempt, in either the design or products of this inventory, to define the limits of proprietary jurisdictions of any Federal, State or local government or to establish the geographical scope of the regulatory programs of government agencies. Persons intending to engage in activities involving modifications within or adjacent to wetland areas should seek the advice of appropriate Federal, State or local agencies concerning specified agency regulatory programs and proprietary jurisdictions that may affect such activities.

- Wetlands which have been field examined are indicated on the map by an asterisk (\*).
- Dominance type (either vegetative or sedentary animal) can be added to the map by the interested user.
- Additions or corrections to the wetlands information displayed on this map are solicited. Please forward such information to the address indicated.
- Some areas designated R4SB, R4SBW, or R4SBJ (intermittent streams) may not meet the definition of wetlands.
