

NATIONAL WETLANDS INVENTORY
UNITED STATES DEPARTMENT OF THE INTERIOR

This is a detailed topographic map of the Oklahoma Panhandle region, showing the intersection of the Oklahoma, Texas, and Kansas borders. The map features numerous contour lines indicating elevation, with peaks reaching over 5000 feet. Major towns and cities are labeled, including Amarillo, Dalhart, and Amarillo. The map is overlaid with a grid of latitude and longitude lines. The title "OKLAHOMA PANHANDLE" is prominently displayed in the center. The map is a black and white reproduction of a historical document, likely a geological or topographical survey map.

SCALE 1:24 000

The graphic scale bar consists of two horizontal lines. The top line is marked with '0', '3000', '4000', '5000', '6000', and '7000' FEET. The bottom line is marked with '0' and '1 KILOMETER'. The bar is divided into segments corresponding to these units.

FARMED WETLANDS

CONTROLLED WATER REGIME

NOTES TO THE USER

- Wetlands which have been field examined are indicated on the map by an asterisk (*).
- Dominance type (either vegetative or sedentary animal) can be added to the map by the interested user.
- Additions or corrections to the wetlands information displayed on this map are solicited. Please forward such information to the address indicated.
- Some areas designated R4SB, R4SBW, or R4SBJ (intermittent streams) may not meet the definition of wetlands.
