

NATIONAL WETLANDS INVENTORY
UNITED STATES DEPARTMENT OF THE INTERIOR

WHITE OAK, OKLA.

TULSA NW
BARTLESVILLE

SCALE 1:24 000

The graphic scale bar consists of three horizontal lines. The top line is labeled '0' at the left end and '1 MILE' at the right end. The middle line is labeled '0', '3000', '4000', '5000', '6000', and '7000 FEET' from left to right. The bottom line is labeled '0' at the left end and '1 KILOMETER' at the right end. The bar is divided into segments corresponding to these units.

Other information concerning the wetland resources depicted on this document may be available. For information, contact:

**Regional Director (ARDE) Region II

Albuquerque, New Mexico 87103**

SPECIAL NOTE

This document was prepared primarily by stereoscopic analysis of high altitude aerial photographs. Wetlands were identified on the photographs based on vegetation, visible hydrology, and geography in accordance with the *Wetlands of the United States (An Operational Draft)*, Cowardin, et al. 1977. The aerial photographs typically reflect conditions during the specific year and season when they were taken. In addition, there is a margin of error in the data obtained from the ground and historical analysis of a single site may result in a revision of the wetland boundaries established through photographic interpretation. In addition, some small wetlands and those obscured by dense forest cover may not be included on the map.

Federal, State and local regulatory agencies with jurisdiction over wetlands may define and describe wetlands in a different manner than that used in this inventory. There is no attempt, in either the design or products of this inventory, to define the limits of proprietary jurisdiction of any Federal, State or local government or to establish the geographical scope of the regulatory programs of government agencies. Persons intending to engage in activities in-

NOTES TO THE USER

- Wetlands which have been field examined are indicated on the map by an asterisk (*)
- Dominance type (either vegetative or sedentary animal) can be added to the map by the interested user.
- Additions or corrections to the wetlands information displayed on this map are solicited. Please forward such information to the address indicated.
- Some areas designated R4SB, R4SBW, or R4SBJ (intermittent streams) may not meet the definition of wetlands.
