

FEMA Digital Flood Insurance Rate Maps (DFIRM)

Status Map

The OWRB is the coordinating state agency for the National Flood Insurance Program (NFIP) in Oklahoma. As the NFIP State Coordinator, the Water Board partners with other state and federal agencies and local governments to prevent and mitigate the catastrophic effects of flooding disasters in Oklahoma. Board officials stress implementation of land-use strategies that reduce the likelihood of future flood damages and encourage the safe conveyance of floodwaters.

For more information please visit the OWRB's web site at: (<http://www.owrb.ok.gov>) (3/11/2015)
