D. EXECUTIVE DIRECTOR’S REPORT

Mr. Duane Smith, Executive Director, began his report saying this is an exciting two days with the annual Water Conference beginning this afternoon and tomorrow. He said a great program has been put together, and he thanked Mike Melton for his efforts as conference coordinator. Governor Henry will address the audience, as will former Governor George Nigh, who was personally involved in the creation of the financial assistance program. Duane said Governor Nigh expressed to him that he was particularly proud of the financial assistance program, not only because of the AA rating, but because it is one of those rare instances where as Governor he has now been able to see such a successful program come to fruition.

Mr. Smith introduced Ms. Marla Peek with the Oklahoma Farm Bureau, Mr. Shawn Lepard, ProAg of Guymon, and Lonnie Ward, Region 6 FEMA Coordinator.

Mr. Smith noted recent meetings staff had attended/will be attending and participating in various aspects and representing the OWRB: Environmental Federation of Oklahoma, Red River Valley Association, and Western States Water Council, Oklahoma State University Water 2003 Conference.

Chairman Grandstaff, Vice-Chairman Glenn Sharp, and Dean Couch all attended a settlement conference on Sardis reservoir in Tulsa on October 24. Mr. Smith stated that the matter was not settled, and at this time, that was all he was able to comment on. He said the basic opinion is that the Corps of Engineers wants the state to make payments, and the state wants the users of the water to make the payments. He said solutions to the matter are still being sought.
The agency’s annual Charitable Contributions Campaign took place during October, and the agency surpassed its goal of $7,000! Total collections were $7178, including the contribution by the Chairman so that he could throw a pie in Duane’s face—the “reward” for employees for reaching the goal.

Mr. Smith concluded his report.

2. FINANCIAL ASSISTANCE DIVISION

A. Consideration of and Possible Action on a Proposed Order Approving Emergency Grant for Chandler Municipal Authority. Recommended for Approval. Mr. Joe Freeman, Chief, Financial Assistance Division, stated to the members that this emergency grant request from the Chandler Municipal Authority is in the amount of $65,000. He said that 1200 feet of Chandler’s outfall and collection lines had collapsed, and during rainy periods, results in overflows into a tributary of Bellcow Creek. In order to correct the situation, Chandler will be replacing a collapsed outfall and collection line, and in addition, six manholes. Mr. Freeman said it is estimated that the project will cost approximately $86,230.26, and will be funded with $21,230.26 in local funds and the requested $65,000.00 emergency grant from the OWRB. Staff recommended approval of the grant request.

City Manager Reuben Pulis was present in support of the grant application.

Mr. Farmer moved to approve the emergency grant request to the Chandler Municipal Authority, and Mr. Sevenoaks seconded.

The interim construction loan was for purchase of land for a well field, for construction of wells in the well field, renovation of three wells, constructing a pipeline from the new well field to the water treatment plant, and for reimbursement for construction and engineering incurred in the construction of the new water treatment plant. Mr. Freeman noted the provisions of the refinancing loan, and stated that staff recommended approval.
