Lake Clean-up Scheduled

Volunteers will comb the shores of Edmond's Arcadia Lake Saturday, August 17, as part of Oklahoma Lake Sweep, an annual clean-up event held at Edmond's most treasured recreational water resource. The public is encouraged to participate in this eco-friendly event beginning at 9:00 a.m. at Arcadia Lake's Spring Creek Park.

"Last year, more than 100 volunteers joined us in what turned out to be a very productive weekend. We expect Lake Sweep to be even bigger this year," says Juli Ridgway, President of the Oklahoma Clean Lakes Association, which co-sponsors the annual event.

Admission to Arcadia Lake is free for Lake Sweep volunteers. Participants are encouraged to wear sturdy shoes and bring work gloves, a trash pickup stick, insect repellent, sunscreen, and bottled water. Refreshments, including hot dogs and cold beverages, will be free to all volunteers. Prizes will be donated by Tracker Marine and Arcadia Lake Project Office.

Oklahoma Lake Sweep is sponsored by the Oklahoma Clean Lakes Association and City of Edmond/Arcadia Lake Project Office. Other local sponsors include Tracker Marine Boat Center, Hometown Buffet, and the Office of the Oklahoma Secretary of Environment. For more information or to volunteer, contact the Arcadia Lake Project Office at 405-359-4570 or Jennifer Myers Wasinger at 405-530-8997.
