Oklahoma City, OK 73118

**Subject: 2019 Annual Report
Hanson Aggregates LLC-Troy Quarry, Johnston County, OK**

Dear Mr. Wilkins:

This is in reference to the Annual report in compliance with 82 O.S. 1020.2(E)(1) for our Troy Quarry (formerly known as " Mill Creek" Quarry) located in Johnston County, OK.

Please note that Troy Quarry applications are currently pending with OWRB. Please also note that the Mining Permit (L.E.-2689) was issued by ODOM on July 22, 2019, and became a "producing" mine on October 9, 2019, by physically commencing "permitted extraction from natural deposits". No water was used at the facility in 2019.

Please accept this letter as our Annual Report pursuant to 82 O.S. 1020.2 (E) and 785:30-15 for calendar year 2019 and hereby report the following:

- (1) Troy Quarry was a producing mine in 2019;
- (2) There is NO Pit Water accumulated or used at the Troy Quarry in 2019;
- (3) Troy Quarry has adopted the Management Plan prior to January 1, 2013 and has implemented the plan upon becoming a "producing" mine. It is our understanding from consultation meeting on December 27, 2012 that it will maintain the "exempt mine" status for Troy Quarry for Hanson Aggregates LLC.

Please contact the undersigned at (972) 814-4122 or **Hanson Aggregates LLC, 300 E. John Carpenter Freeway, Suite 1645, Irving, TX 75062**, for any further assistance.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lalit Bhatnagar'.
