APPLICATION FILING FEES EXPLAINED

Public notice is not required with an amendment when the applicant is only requesting additional wells and those wells meet one of the following conditions:

1. If well spacing is applicable (660 feet for alluvium and terrace or 1,320 feet for bedrock groundwater basins), the applicant has done a diligent search and found no other wells within applicable spacing of the wells to be added.

2. If well spacing is not applicable, the applicant either owns all the land within 1,320 feet (¼ mile) of the wells to be added or has written permission from each surrounding surface estate owner within 1,320 feet.

Public notice is required for all amendments that do not meet the above requirements.

7. PLAT MAP (Sample)

Applicant Name  John and Jane Doe

Permit No.

The plat below represents one full section (640 acres or 1 square mile). Drawings must match the legal descriptions provided in questions #4 and #6 of the application. If adding or replacing wells, please show all wells currently authorized on the permit and which wells are to be replaced. More than one plat map may be required.

Instructions and Use of Symbols on the Application Plat

1. Write the applicant name on the top of the page (should match your ownership document).

2. Write the section # in the circle in the middle of the section and the legal description and county on the bottom of the page.

3. Draw the land you want to dedicate. Denote this with tick marks around the land boundary.

4. Draw the area you plan to use the water. Denote this with parallel diagonal lines.

5. Draw a dot at the location of each existing well to be authorized. If a well log is not on file, latitude and longitude may be required. If the wells are proposed, draw horizontal lines over the 10-acre tracts where you want to drill the wells in the future. Show the location of all wells currently authorized to the permit with a solid triangle.

6. Draw a hollow circle for all other existing water wells (e.g. stock, domestic, irrigation, permitted, etc.) within 1/4 mile of the existing wells to be permitted and the proposed well locations to be permitted.

8. SURFACE ESTATE OWNERS MAP (Sample)

Applicant Name  John and Jane Doe

Permit No. 

The map below represents nine (9) full sections of land each with a circle at the center. The applicant must furnish names and mailing addresses of all surface estate owners of land located within 1,320 feet (1/4 mile) from the location of the existing wells to be added as well as from the outside boundaries of all proposed well location areas to be added, unless otherwise directed by the Board. If the applicant is changing purposes or adding water with the amendment, then the applicant must also furnish names and mailing addresses of all surface estate owners of land located within 1,320 feet of existing wells and proposed well locations currently authorized by the permit. Mark applicant’s permitted wells with a solid triangle, existing wells to be added with a dot, and shade all proposed well location areas. More than one surface estate owners map may be required.

Instructions and Use of Symbols on the Surface Estate Owners Map

1. Write the applicant name on the top of the page (should match your ownership document).

2. Write section numbers in the circles at the middle of each section where land is dedicated, then draw the land you want to dedicate.

3. Draw a dot at the location of each existing well to be authorized. If the wells are proposed, shade in the 10-acre tracts where you want to drill the wells in the future. If you are adding more than just wells to the permit, you need to notify people around wells already authorized on the permit (solid triangle).

4. To denote neighboring landowners, write letters in every 10-acre tract square within ¼ mile of the existing wells to be permitted and the proposed well locations to be permitted (up, down, side-to-side, and diagonally). Then write their name and address information at the bottom of the page. Contact your county assessor office or county courthouse if you do not know this information.

10. APPLICATION SUBMISSION AND PROCESSING

The submitted application packet must include the following:

a. The original completed application, typed or printed in ink, signed and notarized (All markings must be legible.);

b. The appropriate filing fee (Application review will not begin until the proper filing fees are received. If water is used before Board approval of the application in an amount greater than what is authorized on the current permit or from wells or for uses other than what is authorized on the current permit, double the filing fee will be required.);

c. Copies of warranty deeds, leases, and/or letters of consent as required (Copies of tax documents are not accepted. Social security numbers are not required. If any documentation contains social security numbers, please obscure them before submittal.).

d. Other documentation may be requested as needed to complete the application review.

Please note: Any incomplete or unresponsive answers may cause a delay in the processing of your application.

In addition, Oklahoma Administrative Code (OAC) 785:30-1-4(d) states: “If the application is defective to as to form, the Board shall advise the applicant of the corrections, amendments, or changes required and sixty (60) days shall be allowed for the refilling thereof. If the application is not corrected, amended, or changed within the time required, the Board may inactivate the application. Furthermore, OAC 785:30-3-3(b), states: “If an applicant does not correct an application or publish notice as instructed by the Board, and no further proceedings are initiated by the applicant for six months or more after last contact with the Board, the application shall be deemed withdrawn. The Board shall provide notice to the applicant that the application has been deemed withdrawn.
