Dear Ms. Mele:

Your application to use groundwater has been reviewed by Board staff. In order to obtain a permit, you must provide notice of the essential facts about your intended use by newspaper publication and by notifying certain neighbors.

In accordance with Section 309 of Title 75 and Section 1020.8 of Title 82 of the Oklahoma Statutes, and Section 785:30-3-4 of the Oklahoma Administrative Code (OAC), we have enclosed a Notice of Application to be published at your expense in a newspaper that is qualified to publish legal notices in Kiowa County. Please send us, or have the publisher forward to us, the certified proofs of publication by August 10, 2026. Because the Board is not responsible for the accuracy of the information contained in the notice, please review the enclosed notice carefully and contact the Board if you note any errors or have any questions.

In addition to giving notice by publication of your application to withdraw groundwater, OAC Section 785:30-3-4(a) requires that you notify by certified mail (return receipt requested) all surface estate owners of lands located within 1,320 feet of the outside boundary of each ten-acre tract regarding wells subject to your application. Please notify these landowners on or before the first day of publication. We have enclosed extra copies of the notice for this purpose. You may make additional copies if you need more than we have provided. Also enclosed is an affidavit certifying you have notified all of these surface estate owners. The affidavit must be signed, notarized, and returned to the Board, along with all green cards, by or before August 10, 2026.

Any protests to your application must be filed with the Board by August 17, 2026. If a protest is filed, a hearing may be scheduled and you will be notified.

If you have any questions concerning this matter, please contact Sharon Robinson at the address below or call (405) 530-8800.

No worries, some of them got filtered by our IT blocking but I thought I would make sure that you weren't needing a digital as well.

Great catch on the total amount changing!

Sure, I can confirm that 4 proposed well should be across 3 separate locations. Two in NE SE SE of Sec 31 (they will exist side by side), one in NE NE SW of Sec. 32, and one in NE SE SE of Sec 32.

My apologies for any confusion. Please let me know if I can help with anything in the future.

Oh, gosh, yes I am so sorry, I'll cancel that. I didn't realize it was still sending.

Also, my manager just reviewed the application and found a couple of small things that I needed to be sure to update on the application, as follows:

I forgot to update the amount of acre-feet requested when I updated the amount of acres in section 31 (we went from 120.14 to 120 acres), so that will change the acre-feet from 717.62 to 717.34. Also, one of the well locations is written for a different 10-acre tract than the map shows, so we will need to fix that. It's written for the SE SE SE of Section 32 but shows on the plat and surface estate owners maps that it's to be located in the NE SE SE of Section 32. Could you confirm which one is the correct proposed well location?

Thank you so much!
