Mrs Emily Meazell

In the Matter of Determining the Maximum
Yield of the Arbuckle Simpson Aquifer

OWRB Hearing Officer
3800 Classen Blvd.
Okla City Okla.

I attended the meeting in Sulphur May 15, I had to leave before you informed the crowd

Of the meeting set up for May 16, I was completely and very tired from sitting all day while the

~~Lawyers~~
~~Lowes~~, examined and reexamined the witnesses. I have some information that should be

Considered. Such as why the West side of the Aquifer can not and I'll be redundant can Not

Recharge the Eastern portion.

If you will Allow me to meet with you and the OWRB. At your pleasure I'll come to the city

Or any place you choose any time. Please excuse my clumsy attempt to be heard.

Sincerely

C. I. Maxwell Jr.
