Re: CPASA's Designation of Record

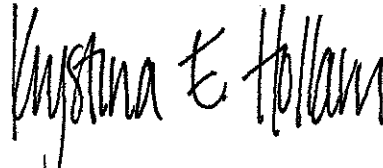

Dear Mrs. Campbell:

I hope this letter finds you well. This serves as confirmation of Citizens for the Protection of the Arbuckle-Simpson Aquifer's (herein "CPASA") designation of those portions of documents relied upon in its Joint Motion to Include Certain Documents in the Administrative Record for the Determination of the Maximum Annual Yield for the Arbuckle-Simpson Groundwater Basin (herein "Joint Motion to Include Records"). This designation is submitted pursuant to Hearing Examiner Meazell's Order on May 15, 2012 in which Examiner Meazell granted the Joint Motion to Include Records insofar as the documents (1) were either files/records of the OWRB pertaining to the subject of the hearing or reports prepared by any governmental or public agency; and (2) the parties specified the portions of the documents upon which they relied.

Said designation was mailed to the Oklahoma Water Resources Board, to your attention, on June 4, 2012. A CD containing a copy of the designation was mailed to all formal parties on June 14, 2012. Additionally, an online repository was created at <http://basecamp.com>. It can be accessed by clicking on the "log in" button, then inputting the username "Public 1" and password "Public1". An email containing the login information was sent via electronic mail on June 14, 2012 to all those parties who elected to receive e-mail notice.

Please do not hesitate to contact me or Jason Aamodt should you have any questions at (918) 347-6169.

Very truly yours,

Krystina E. Hollarn
